

REMARKS

Claims 1, 4 and 6 have been amended. No new matter has been added.

Claims 2, 3, 5, 10-14 and 17-22 have been canceled without prejudice to expedite allowance of the pending claims.

Claims 1, 4, and 6-9 are pending

In the Final Office Action, Claims 1, 4, and 6-9 were rejected under 35 U.S.C 102(e) as being anticipated by US Pub. 2003-0090559 to Okano.

Independent Claims 1 and 6 have each been amended herein to recite that:

the plurality of image enhancement data sets includes "at least one image enhancement data set selected from a group of image enhancement data sets comprising an edge smoothing image enhancement data set, a
15 halftone image enhancement data set, and an imaging material conserving image enhancement data set"

and that

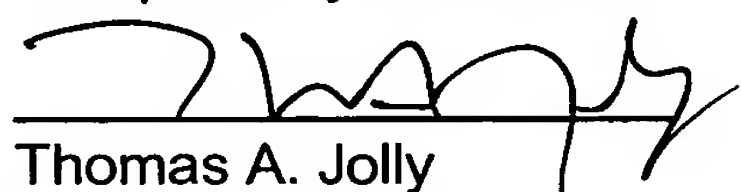

"at least one image enhancement data set defines at least one
20 condition selected from a group of conditions comprising a first condition associated with the edge smoothing image enhancement data set for use when printing text or line art, a second condition associated with the halftone image enhancement data set for use when printing a halftone image, and a third condition associated with the imaging material conserving image
25 enhancement data set for use when printing a solid area of an image".

Okano fails to disclose such a computer readable medium as recited claim 1 and claim 4 which depends there from, or a removable cartridge for an image forming device as recited in claim 6 and claims 7-9 which depend there from.

5 As such, it is respectfully submitted that the pending claims are patentable over the cited art.
